The Hearth

The Dance begins slowly

and as it continues, moves faster
The yellow and blue dancers enter

Clapping and prancing and reaching higher,

Clapping at the wooden cylinder
The company glows with excitement

The blue dance slowly

caressing the stage

The yellow expressively whirl

in a fast-moving

Their joy lights the cavern but well-practiced act

Their dance illuminates the theater

Their flying arms warm the observer

They blink and duck and peek out again

then speed in an instant

only to peek out again

almost mischievously teasing

the viewer

A white curtain bellows up behind
the dancers

and arrays and enhances the Dance

To brighten the present, they beat themselves out

and after they can no longer dance—

they fall below, pale and fragile

And the final curtain bows down

like water on a fire

and ten thousand hisses shout their
disapproval

to the end of the Dance

A black and white portrait of Carol Burnett. She is looking directly at the camera with a slight smile. She has dark, wavy hair with bangs. She is wearing a ring on her left hand, which is raised near her head. She is wearing a white, feathery or fur-like garment around her neck and shoulders.

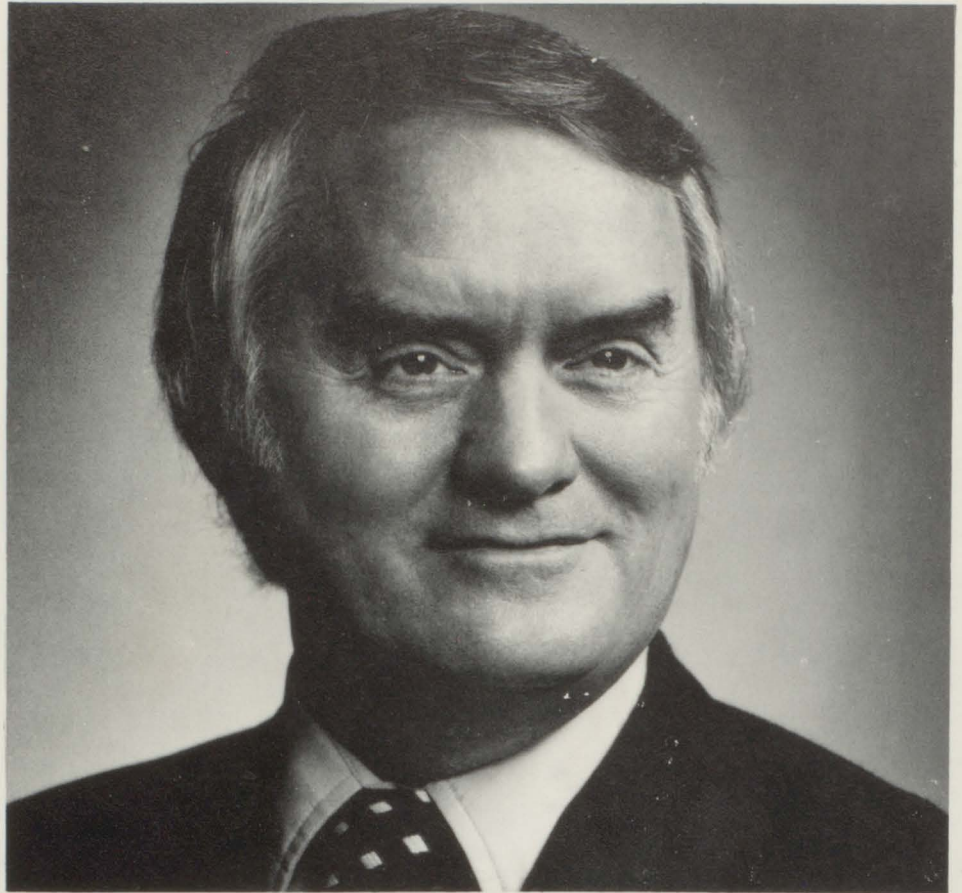

Thank you for thinking of me with regard to PORT HURON NORTHERN HIGH SCHOOL'S yearbook. I have always found it difficult in knowing how to advise those who are interested in becoming entertainers, but I have always felt that a good sound education in any field is an absolute "must", and that of course, goes for the entertainment industry as well as any other. I would strongly advise those interested in my field to give some serious thought to entering a college in your area that offers a good drama program. Take as many classes relating to the field as possible, and take every opportunity to participate in school productions and local little theatre, — sing in church choirs, etc., etc. All these activities will help in the bettering of your craft. This is a very competitive business and at best, is very tough to break into. I think it demands not only talent, but experience, a lot of hard work, a tremendous amount of self-determination, and a TRUE love for what you are doing. I wish all of you the best of luck! Sincerely, Carol Burnett

The Board Sets High Goals for 1977-78

As superintendent of the school district, Dr. Burchyett maintained the education administration. In coordination with the school board, he had set several goals for the year. First, they have concentrated on improving the quality of evaluation at the same time identify the aspects needed to do the latter. In order to study the community education, the board has hoped to establish a citizens committee to begin such a study. Furthermore, a positive vote for the millage now in operation and an effort to ameliorate staff relations has been a goal, also set for the school district.

RIGHT: Dr. Burchyett, having a masters and doctorate degree in education administration, is currently the superintendent of the Port Huron area school district. **BELOW:** The school board members, Mr. Carl Schwedler, Mrs. William Dinnen, Mr. Leland Brown, Mr. Norman Cristick, Mr. Elvin Hartwig, Mrs. Nancy Maywar, Mrs. Alice McKinnon, discuss the policies and goals of the school.

Office Personnel Maintain Organization

Mr. Overly, principal of the school, was our administrator. He and his assistant, Mr. Moorehead, handled the policies and practices of the school. Performing the secretarial skills of the main office were Jean McLeod, Mrs. Vellma Shepherd, and Mrs. Ann Rutkofske.

Jean McLeod, secretary to Mr. Overly, distributed the mail and payroll, finished needed correspondence for Overly, and paid the bills. Mrs. Vellma Shepherd, on the other hand, was the accounting clerk and had the specific job of recording the incoming money. Mrs. Ann Rutkofske, secretary to Mr. Moorehead, took the dictation, correspondence, and other secretarial skills Mr. Moorehead needed.

ABOVE: Mr. Overly, left, and his assistant Mr. Moorehead symbolize their support for the school. LEFT: Left to right, Mrs. Ann Rutkofske, Mrs. Velma Shepherd, and Jean McLeod, take a welcomed moment to stop typing.

Looking behind the scenes for a moment, one finds an important aspect of the school-cooks and custodians. Providing a nutritious lunch, the cooks enabled students to have a variety of choices. Everyday features in the cafeteria were hamburgers, fish buns, corn dogs, soup, sweet rolls, and cookies. Along with this was milk and a hot lunch. There was also the breakfast program served from 7:40 to 8:00 with a menu of milk, juice, and roll.

The custodians, in their care for the school, performed a significant part of the school. With their help, the school was kept in good condition.

Much More Than a Library

The Media Center played an important role in the life of the Northern student with its excellent library containing over 18,424 volumes, reference books, magazines, and newspapers.

The listening center, at the left of the library area, comprised various audio-visual materials; sound film strips, records, and tapes. Also, a copy machine was available.

"Mr. Ivan's," the Ludington reading room, with over 4,000 paperback books, was located in a small room outside the library.

With the assistance of Mrs. Gwendolyn Jones and Mrs. Barbara Wismer, media specialists, library clerk Mrs. Marsha Wypych, and the student library assistants, the media center was an excellent place for the student to work.

ABOVE: "The bookworms squirm their way through Mr. Ivan's paperbacks." LEFT: Providing a relaxful atmosphere, the Media Center conforms to everyone's needs.

Truth Comes Out at Open House

"All the world's a stage,
And all the men and women merely
players.
They have their exits and their
entrances;
And one man in his time plays many
parts,
His acts being seven ages."

Shakespeare

Students recognize that gaining an education is a special stage in their effort to reach present and future goals.

So that interested parents and visitors might become acquainted with Northern — its facilities and educational offerings — they were invited to an Open House on November 10. They had the opportunity to meet the student's teachers, counselor, and dean.

Departmental displays were set up, and demonstrations were given in many classrooms.

Refreshments were served in the cafeteria, as the Chorale and the Jazz Band entertained.

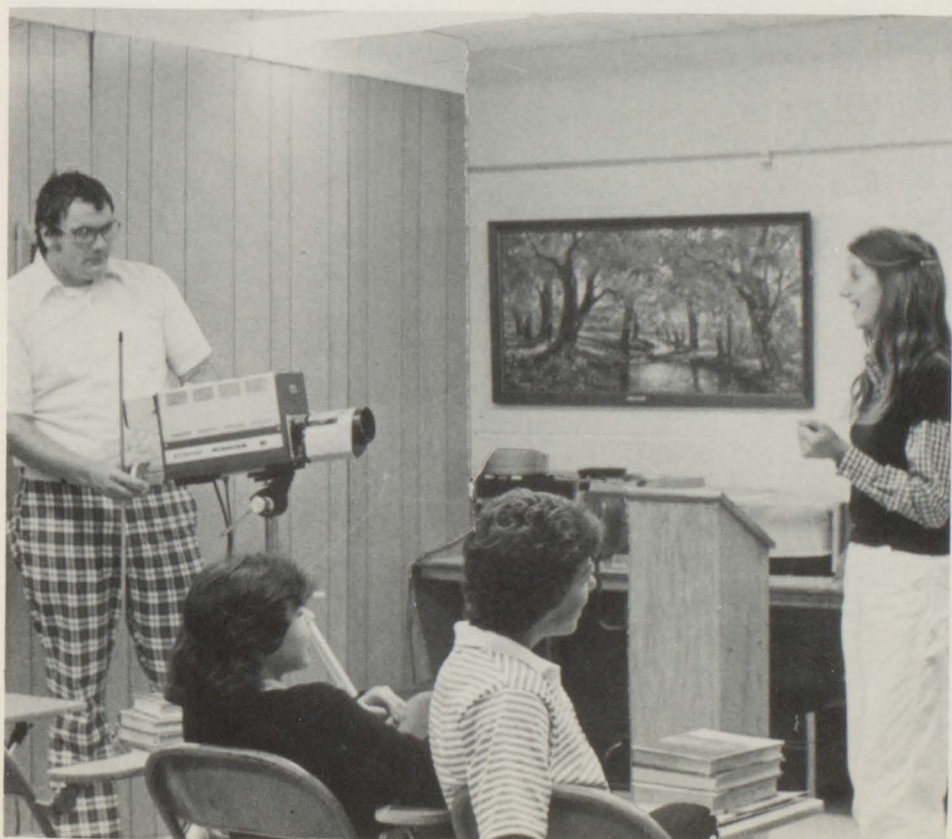

Honor Society members greeted the visitors, handed out maps of the school, and gave tickets for which a drawing was held later in the evening. The lucky ticket holder won a turkey.

In an effort to try to meet the needs of Northern students, the English Department has added a number of courses in reading.

All students enrolled in ninth grade English regular classes now take one full semester of developmental reading. The second semester of this course includes grammar and its usage.

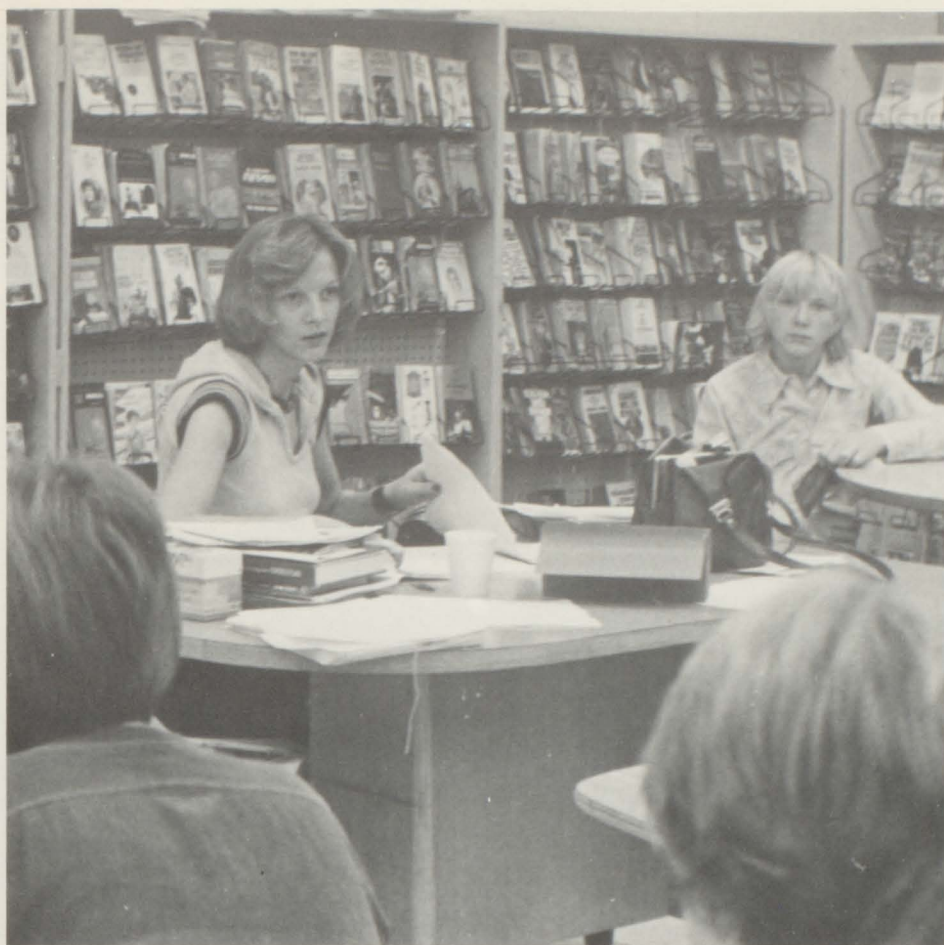

Courses in reading have also been added for grades ten through twelve, including basic reading skills, study skills, reading techniques, and composition.

Northern's Radio Informs Public

WORW, operated by Mr. Robert Trapp and several of his speech and broadcasting classes, is Northern's radio station. From inside room 202, it broadcasts 91.9 megacycles every school day, for a radius of 15-20 miles. Providing a variety of music, educational programs, news and weather, WORW is licensed to the Port Huron Area School District by the Federal Communications Commission as an educational FM station.

Qualified students may be involved doing on or off work or holding a management position. WORW is part of the National Public Radio and is a member station of the National Association of Educational Broadcasters.

Learning a foreign language adds spice to life at Northern. French, German, and Spanish are taught four years, where demand is sufficient. During the first year proper pronunciation was stressed. Through the use of films, filmstrips, and tapes, a continuation of development and introduction of culture was obtained. In later years, time was given to writing, with some emphasis placed again on speech.

Three courses are available in advanced German; college prep, general studies, and general enrichment. College prep is specifically designed to continue German in college. However, general studies and general enrichment is for those students who wish to continue German only during their high school years.

Knowledge gained in the various Social Studies courses gave students an understanding of the world in which they live. In order to meet the demands of a changing world, they learned about local, state, national, and world problems and opportunities.

In Civics, a required course, freshmen gained a basic understanding of the structure of the United States government, economic institutions, and the American way of life.

Seniors took Problems of Democracy, required, in which they studied social, economic, political, and international problems confronting the nation and world. They were required to do outside reading of magazines and newspapers, and encouraged to watch and listen to television documentaries.

Additional courses offered were American History, World History, Michigan History, and Futuristics.

Math – a Department You Can ‘Count’ On

Whether it's practical math or calculus, dedicated teachers plus students plus effort equal complete success. There is a great range of math courses offered for students who desire to learn basic or advanced knowledge. Creating student interest is a main objective for the math teachers.

Beginning with algebra, freshmen are given the foundations for further courses. As a sophomore, geometry is suggested, where students begin learning basic problems concerning geometrical figures.

Then as a junior, continuation of algebra is offered for more advanced learning. Finally, advanced math courses may be taken in the senior year. Thus, with a complete background of math, the student is ready for future "problems."

Science

Science, defined by the dictionary, is a study through the use of observation and classification of facts. Through the courses, presented at Northern, the student was given a variety of choices in which to study. Evolutionary processes, cell structure, and human anatomy were discussed in biology, along with reproduction. Chemistry dealt with the elements, while physics studied motion, gravity, sound and like subjects. One semester courses included environmental and health sciences.

For interested students, photography and aerospace were offered. Students, in aerospace, had the opportunity to take a cross country flight during the course. Futuristics, was also available for those students fascinated by the possibilities of the 21 century.

Up, down, intermingled with groans, resounds from the gym, as one passes by. Health and fitness is recognized as an important part of the curriculum, and as a result a number of health classes were offered. Team and individual sports were open to all freshmen; for upper-classmen, weights and agility and leadership training courses were available. Nutrition and body contouring, along with an individual fitness program provided an alternative.

New Approach Focused On In Band

Under a new director, Mr. Michael Schwalm, the band has been undergoing several changes this year. Progress was the principle idea, as was demonstrated during the marching season through extra practice and effort on the part of the student. For the concert season, there were formed two major bands — the Concert and Wind Ensemble. The idea of sectionals, begun also this year, provided attention, alternating to enable work on individual instruments. Through this preparation, the band climaxed as it went into competition at the district festivals.

RIGHT: "It's a complicated world," grimaces the band director, Mr. Schwalm. **BELOW:** To each his own is the atmosphere before class formally begins.

Choir Makes Trip to England

The Acappella and Chorale choirs, here at Northern have accomplished a great deal in recent years, Recognized on a state wide basis, the choir has appeared at the Midwest Conference for band and vocal music, held at the University of Michigan, and at the Albion College Choir festivals. The choir was also selected as one of ten ensembles to further compete in the State Ensemble finals. In May of this year, the choir was invited for a concert tour in England, where they stayed as guests of the American School in London.

Courses in art at Northern have been structured to cover the many visual forms of arts. Art 1 and 2, covering drawing, painting, printing, art literature, and information is a prerequisite for further studies in the field.

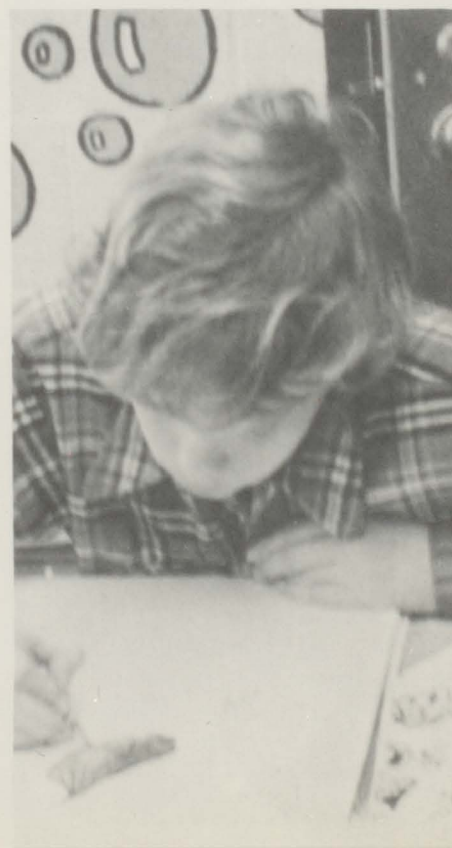

A continuation of an overall view of art is advanced problems in art education. Through library research and individual help, students become acquainted with advanced techniques in a given field. With permission from the teacher, commercial design, elaborating on package design and its presentation, and contemporary stained glass, using Tiffany foil methods, was available.

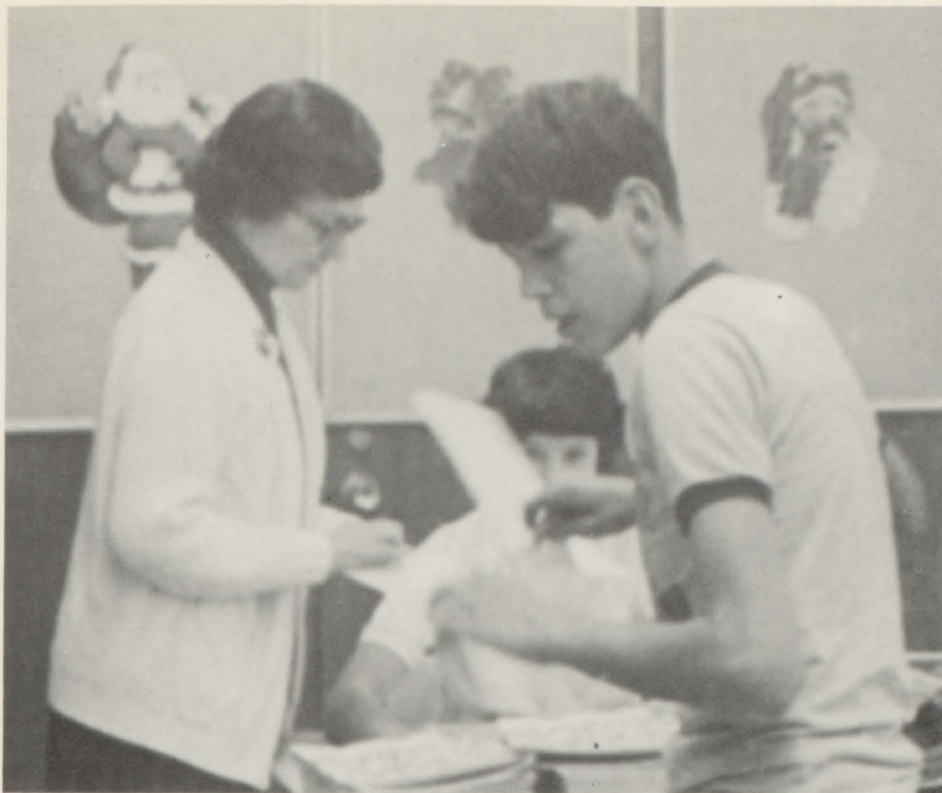

Jewelry construction, along with graphics, where students learned methods of reproduction, was also offered.

Business Ed Paves Way for Future

An essential aspect of vocational instruction was the Business Education Department. Pre-job training emphasized the experience the student would need after he/she graduated. The more popular classes in the business section were the general merchandizing and secretarial courses. Typing and shorthand, also offered, provided skills to familiarize the student with techniques for use in vocational and personal work. In more advanced classes, especially for secretarial work, prerequisite for these two courses were frequently needed. Seniors, who wished to continue the business Education program, enrolled in co-op, where student work was directly related to his/her job preference.

Co-op is preparing for your Future

Co-op is more than just a job. It not only provides training and experience for future employment, Co-op students also get a credit for working and the paychecks always come in handy.

Mr. Gable places the students in many different occupations in the area, some of which will become careers. Former students may also be placed if they need assistance after graduating.

Home economics, a study of handling life's elementary needs, has had a growing importance in today's world. An understanding of this study also helped students with other courses. Courses, where for instance, metrics and fractions were concerned.

The courses, basic foods and basic clothing, introduced the students to basic cooking techniques and clothing construction. Advanced classes, knits and specialty fabrics, requiring basic clothing as a prerequisite, discussed special problems arising from the use of different materials. Baking, a continuation of basic foods, studied the preparation of baked foods, as well as convenience foods, nutritional labeling and food additives.

Home Ec. Deals with Ingredients of Life

Future Industrialists Put it All Together

The facilities at Northern covered a balance of possible career areas this year. As a preparation for future employment skills, the vocational education program offered three main courses — auto mechanics, drafting occupations and electronical occupations. Auto mechanics, a continuation of power mechanics, dealt with shop operations and engine parts, while drafting occupations consisted mainly of a study of architectural and machine aspects. In the former, students were required to build models. Electronics, the study of electricity, discussed the function and repair of several kinds of systems. In addition, the industrial arts program offered a variety of classes for students interested in woods, metals and mechanical drawing.

LEFT: Everyone gets into the act in metal shop. **BELOW LEFT:** The smell of exhaust and engine noise provides the atmosphere for auto shop. **BELOW:** In wood shop, all kinds of objects are created.

Skill Center Provides Vocational Training

The skill center, a part of the vocational training program, enabled students to receive individual instruction as well as further placement on a job after graduation. Three major categories existed: Manufacturing skills, food services, and data processing. Opportunities in manufacturing skills were open to machine operators, fork

lift operators, assemblers and packagers, in which new products were assembled and experience in packaging and labeling of newly made products for shipping was obtained. In the food department, cooks were organized into special categories such as pastry, fry, roast, vegetable, and sauce cooks. The final category of data processing

included computer and key punch operators and programmers.

The Beginning - the End - the In-Betweens

All the world is queer save me and thee; and sometimes I think thee is a little queer — an unidentified Quaker. Life at Northern goes beyond the classes — there's the hall monitors, runners, and a lot more. Driver's Education is available, also. The objective of this is to prepare a safe and efficient driver with an attitude of cooperation towards himself and his fellow man. The beginner accomplishes the skills for driver's training and is helped to make proper decisions while operating a motor vehicle.

Huskies Strive to be Number One

Long practices and hard work paid off for the Husky Varsity Football Team, as they picked up a 3rd-place standing in the Eastern Michigan League. Senior Tony Abouganim showed outstanding effort this season as a guard. Northern kept a locked grip on the "Liberty Bell" trophy, awarded to the winner of the PH-PHN game. Jeff East completed a record amount of passes as the Huskies defeated the "Big Reds" 27 to 0.

It was a tough ending for the Huskies, losing the Homecoming game to the Clarkston Wolves 19 to 30. The Huskies ended their season with a 5-2 win-loss record in the EML and a 6-3 win-loss record overall.

J.V. Pushes toward Perfection

This season's Junior Varsity Football Team had that winning feeling as they posted a 8-1 win-loss record. Steve Motte led the team with twelve touchdowns and Greg Jones led the tackles with 64. This year the J.V. team set a record for the fewest points scored against at 66 points total. The J.V. Team was unbeaten until they met East Detroit and were defeated 18-20.

Frosh Blue: Future Winners

The Freshmen Blue Team followed the Husky tradition this season as they posted a 5-3 win-loss record. Craig Foster proved to be the most outstanding player of the team. The Blue Team held up the Husky tradition with their hard earned record. Vern Booker helped earn this record with fourteen touchdowns and yardage totaling over 1000.

Frosh Gold: Future Scorers

The Freshmen Gold Team didn't do as well as the Blue Team; but, all in all, they held together until the end. Kent Landacre, one of the most outstanding players, covered the most yardage, 293 yards. Kent and his brother Brent, who made sixty-three tackles, monopolized the field each time they were on together. The Frosh Gold Team ended their season with a 1-7 win-loss record.

Dazzling Varsity Dribblers

The Huskies Varsity Boys' Basketball Team closed its season with a fine record. Captains Andy Balough and Rob McLelland led their team with many great baskets and rebounds. The Huskies used their great speed instead of their height to score for the Husky's victory.

Jump balls, free-throws and rebounds, the Husky Junior Varsity Basketball Team learned the meaning of these terms through their persistent work after school. Varsity Girls win everywhere

The Girls' Varsity Basketball season went to the highest of heights as they won the city tournaments and the Eastern Michigan League. The Huskies most outstanding player was Jill Poorman, center. Most points scored were between Poorman and guard Lynn O'Dell. The Varsity Girls' Team ended their Spectacular season with 20 wins and only 3 losses.

Girls' J.V. — Bloomin' Dribblers

The Junior Varsity Girls' Basketball Team had a successful season, even though the team had many fresh new players. Lisa Macero, center, was one of the highest scorers on the team until she was sidelined with an injury. The girls ended their season with 5 wins and 7 losses. These girls are the promising basketball players of the future.

Huskies Shoot . . . And Score

This year the Port Huron School System added to the High School's schedule a new Winter sport, Hockey. The Huskies proved to be aggressive, yet agile, hockey players. The Huskies captains were Ben Davey, Jim Kostoff and Tom Schultz. All three played an important part in each game, scoring and assisting in goals, and holding back the offense of the opposing team with cross-checks and body-checks. Although a few of the players, and many of the spectators, were new to hockey, the Huskies had a successful first season.

Husky spirit is scoring home-runs, pitching strikes and catching pop-ups. The 1978 Husky Varsity Baseball Team kept the Spirit as they came through with another successful season. The Varsity Team was coached this year again by Mr. Larry Klink.

J.V. Hit Men

The 1978 Junior Varsity Boys Baseball team batted their way through the season with a good record. The team was marked with strong hitters and strike-out pitchers. These boys are a good sign of what the Varsity Baseball teams will be like in the future.

Softball City

When spring comes to Port Huron Northern, it looks alot like "Softball City" with strong armed pitchers pitching to agile catchers. The Varsity Girls Softball team, coached by Mr. Mike Dias, was very successful this season. Stars of this years team were Helene Schultz and Mary Conlan.

The Junior Varsity Team was also very successful this season as the team added some new players and tied up some loose ends from last year. The team came up with a fine record.

The Freshman Softball team made its debut at P.H.N. this year. At first, the team had no coach, but with the large turn-out in try-outs, the team had some support. The Freshman team gives the girls experience, so the Varsity and Junior Varsity teams of future years will have the strength to be the number one team.

Matches and Pins

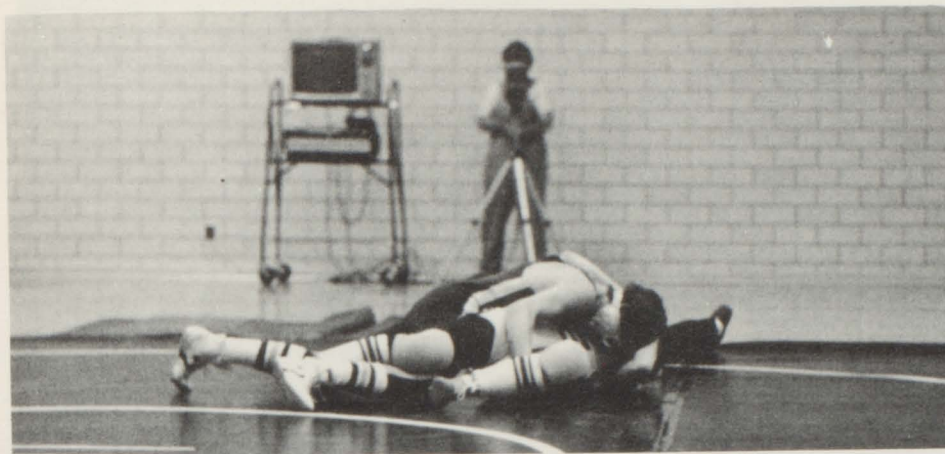

Wrestling is about the only high school sport where you play to "push the guy around". The 1977-78 Huskies must have been good pushers, as they put together a very impressive year. Captain Tony Abou-Ganim led the Huskies with some of the best records.

J.V. Gains Experience

The Junior Varsity Wrestlers had a surprisingly good season, considering the fact that many of the wrestlers had never wrestled as a sport. They showed progress near the end of the season as they learned the essential moves to win a match. The J.V. Team, made up of sophomores and freshmen, gave promise of good Varsity Wrestling teams to come.

Not Your Everyday Maids

"Matmaids?" One freshman asked with a sheepish grin, "what do they do?" Not only do the matmaids keep up the moral support of the team, but they also keep score and record points for certain moves. This year's Matmaids were Kim Belonga, Louise Hyde (captain), Sandy Stevenson, Lisa Tomchuk and Pam Willey.

Tennis Is Advantage

The 1978 Boys Tennis Team swung through a smashing season this year. The team, coached by Mr. Dave Tracey, had strength in their backhands and found it easy to win the advantage as they swung past their opponents.

The Husky Girls Tennis Team played exceptionally well this season. The Junior Varsity team tallied a 10-4 overall win-loss record. The Varsity Tennis Team posted a 14-5 overall win-loss record and an 8-2 league record.

Mrs. Pamela Mosier, coach of the tennis team, commented on the season: "Personally, I felt all the girls did an outstanding job because many of the girls were beginners with tennis. In many cases it was a new and uneasy experience and all the girls handled themselves very well on and off the court."

Harriers Hurry through Season

The 1977-78 Husky Golf Team has had a very successful season. Seniors Doug Fiedler, Paul Gillihan, Joel Peattie and Tom Wilson led the team to an undefeated season, the E.M.L. Title, the Class "A" Regional Championship, the All City Championship, and an eighth-place finish at the State.

Boys Race to the Finish

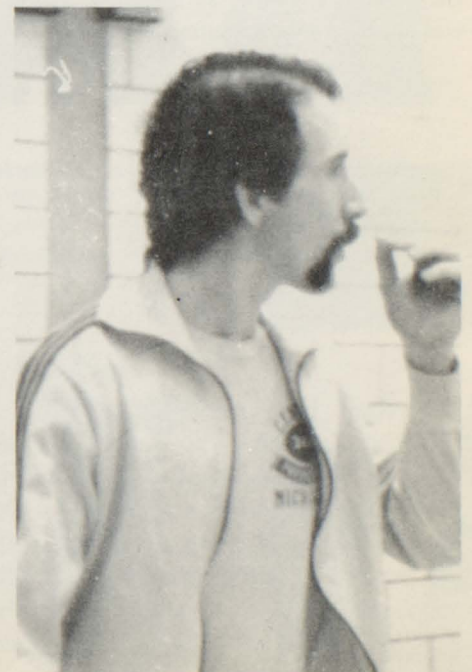

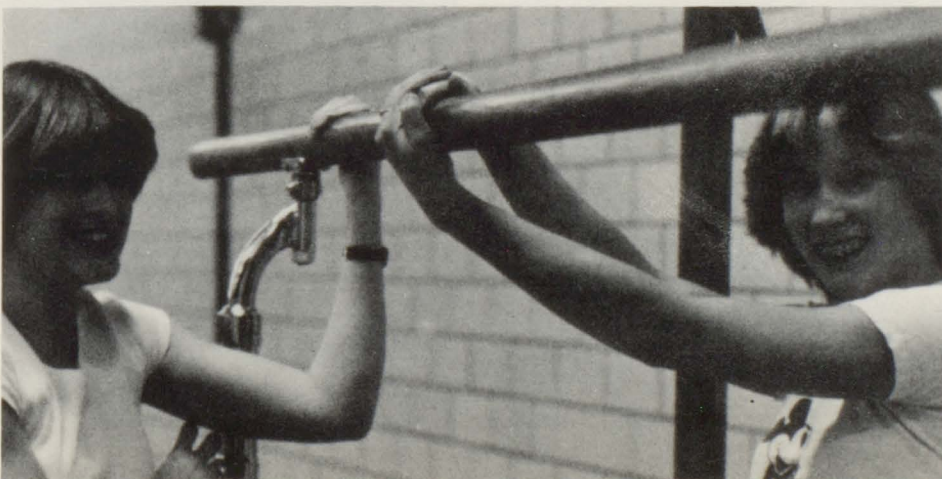

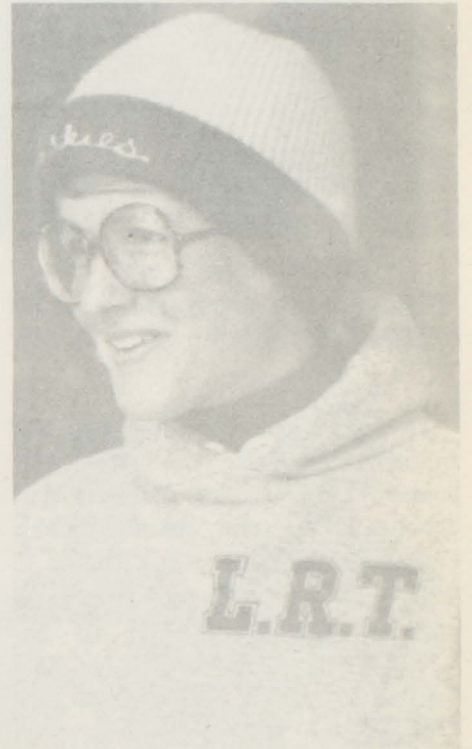

Running, jumping, and hurdling were skills easily acquired by the Husky Boys' Track team. Even with their vigorous practices, the team still had the energy and enthusiasm for their heavy track meet schedule. This year's team was coached by Mr. Pete Woods.

Girls Run for the Record

This year, like last year, there were a lot of girls who tried out for the Girls' Track Team. This large number gave the team a lot of strength, as well as team spirit. The amount of practice the girls had was evident in their fine record.

The Varsity Girls Volleyball team had another spectacular season as they bumped and spiked the ball past their opponents. The team, coached by Miss Fugiel, put their experience from J.V. to good use as they worked to improve last year's record.

With a little determination and hard work the Junior Varsity Volleyball Team volleyed another exciting season. The team lacked experience at first, but they quickly gained it. The J.V. team was coached by Mr. Buhagiar.

1977 Mardi Gras Court Assembly marked the beginning of the Mardi Gras activities. Of the ten girls nominated from each class, and presented at the assembly, two were elected from each class except for the Seniors. The Seniors elected three girls to represent their class on the Mardi Gras Court. Of these three Seniors, one was elected Mardi Gras Queen.

This year's Court Assembly had some light moments, such as Greg Hummel's attempted joke, and Andy Willhelm's misplacement of some of the girls answers. Overall, the assembly was enjoyed by the whole student body.

The games assembly was a big success, with great participation from each of the four classes. The Freshmen gave it a good try, but brought back the tradition of coming in last. The Seniors and the Sophomores fought it out for second-and third-place; with the Seniors coming in second and the Sophomores coming in third. As expected, the Junior class took first place by a fairly good margin.

Contest Winners

Four students out of each grade, two girls and two guys, were chosen by their class as people with personality, for the 77-78 school year.

Of course, it was hard to discriminate who had outstanding personalities, because so many students here at Northern qualify. Some how these sixteen people have proven themselves more outstanding than others and therefore, have been placed in the yearbook for personality Pictures of 77-78

The snow Extravaganza Adds New Life

The Snow Extravaganza was something new this year. It consisted of a week of various spirit week dress up days. Friday night the Huskies played at P.H. against the Big Reds with a victory of 48-46. Sat. night there was a dance, the band playing was Cyprus. At the dance the winners of the personality contest were announced, along with the winners of the mini float, the Sophomores. The award for overall winner was the "Snowski", awarded to the class with highest point total, The Sophomores. Class participation was also counted during spirit week, and attendance at the dance. DELTA EPSILON PHI is the national honorary fraternity for high school students of German. It is not a club, but is established solely to honor students who have shown high achievements in high school. To be eligible for admission to the honorary, a student must be in at least his fourth semester of German studies, have at least a 3.6 average in German and a 3.0 overall average in academic subjects. Herr Norman is Northern's advisor to the honorary.

The Frisbee club was just this year organized. With president Tom Wilson, they tried hard to get gym time to practice before spring. These club members are skilled athletes and show this in their great leaps and bounds to try and catch the frisbee.

Bowling Team Aims for Strikes

Port Huron Northern Bowling league is made up of approximately 40 students. They range from freshman to seniors, and bowl on mixed teams. Each team has four kids and each week two teams compete against each other. At the end of the year trophies and patches are awarded for the best games and series bowled by individuals and teams.

Student Council

First semester student council worked on making changes to make better our old activities and to come up with new activities. They started to set up the Winter Carnival. The major goal of the Student Council in having a Winter Carnival is to maintain as much spirit and excitement in second semester as there is in first semester.

Dwight Ethridge and Tom Wilson work hard at maintaining peace during Student Council meetings.

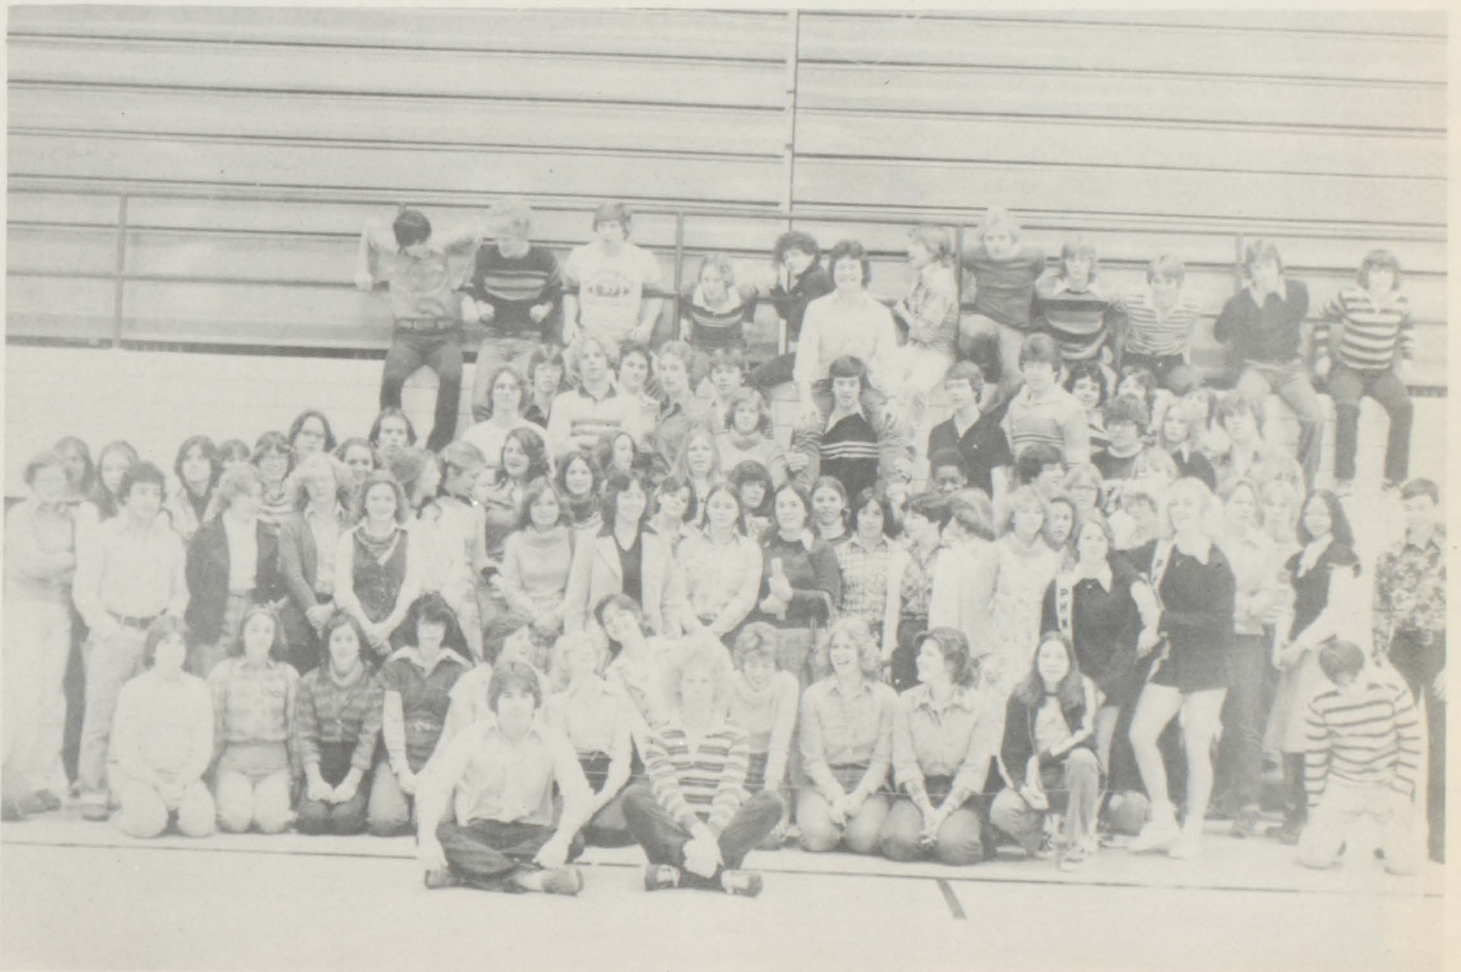

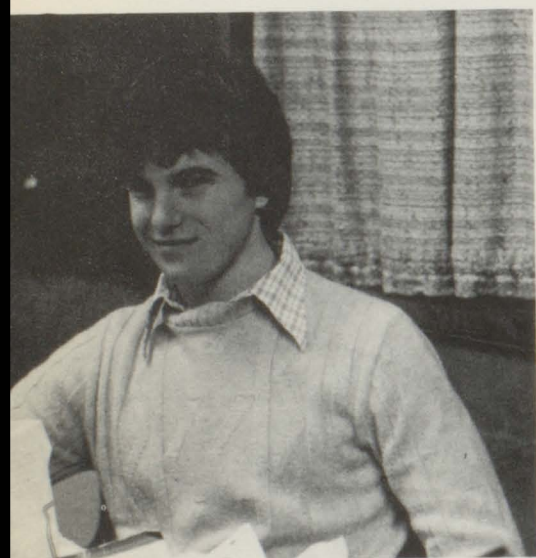

Second Semester Student Council

Student Council: Second Semester Student Council had a whole new bundle of things to work on, among these were: making sure the Snow Extravaganza Winter Carnival was a success, also the Valentines Day Carnation sale, blood drive and the elections at the end of the year. Student Council also worked on improvements within the school, such as reframing the Hall of Fame pictures and Ecology day.

Committees Help Student Council

Student teachers advisory board is a group of 8 students, elected by the student council, and 8 teachers elected by the staff. These 16 people meet once a month and discuss some of the problems in the school between students and teachers.

Bills Committee is a group of 8 students elected by the student council. They meet every Monday morning to come up with new bills they think have a good chance of being accepted. The bill then goes through council and the other required steps. If it is passed, it is then added to the constitution.

Seniors Look Forward to Looking Back

The Class of 1978 used its final year at Northern to demonstrate outstanding confidence and spirit. Even through less encouraging times such as an overall second place in Mardi Gras, its sportsmanship surfaced again and again. After the prom, trips and graduation day, the seniors will take a hand at their biggest task — the Future. A job they will no doubt place an overall first in!

Determination Powers Juniors

Where There's Will . . .

The juniors were really on top this year and they proved it by winning the barrel for the second year in a row. The juniors wish to give a special thanks to their class officers — President Gregg Hummel, Vice President Joe Bennett, Secretary Mary jo Dodea, and Treasurer Lisa Ely. With the patience of Mr. Emlaw, Dean; Mr. Buckoski, Counselor, and Mrs. Burns, Secretary the juniors had a great year.

ABOVE LEFT: Mr. Emlaw talks with Mike Bressett about his schedule change.

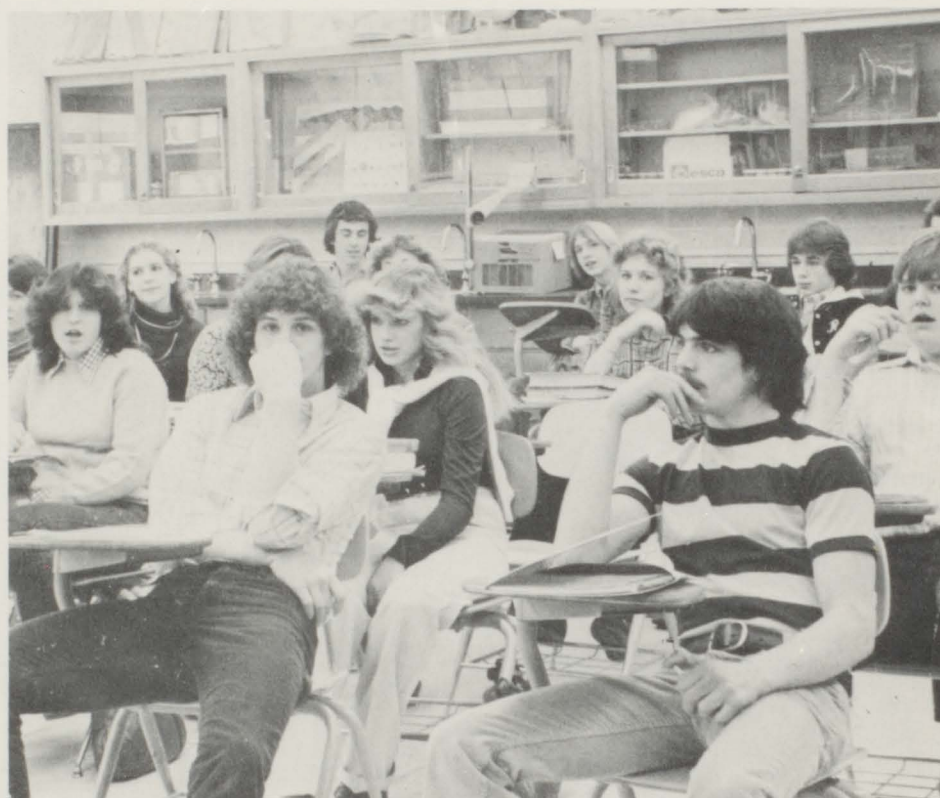

ABOVE CENTER: Mr. Buckowski is hard at work.

ABOVE RIGHT: Mrs. Burns types away!

CENTER: This Photography class is on the opposite side of the camera for this picture.

BELOW LEFT: Pres. Greg Hummel, Vice Pres. Joe Bennett, Treasurer Lisa Ely, Secretary Mary Jo Dodea.

BELOW RIGHT: Rough Riders.

ABOVE LEFT: Eric Lohr and Todd Moore, say "Hi There".

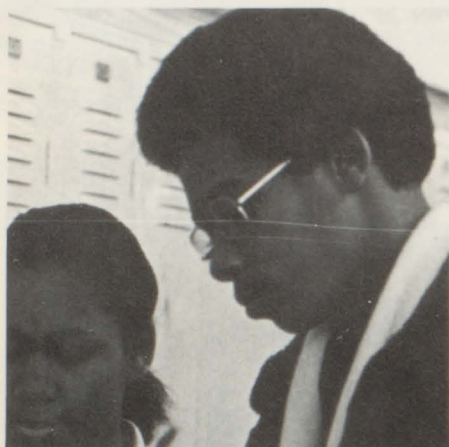

ABOVE RIGHT: The Lighthouse Lookout.

BOTTOM LEFT: Brian Shagenea, Scott McReady, Gary Houle, John Mrozek love having their picture taken.

BOTTOM RIGHT: Greg Hummel looks away when he opens his locker, but if you had in your locker what he has in his you would too.

ABOVE LEFT: Winkin, Blinkin and Nodd.
ABOVE RIGHT: Ray Ackers takes time to help out his little sister.

The class of "80", along with the help of their class officials, put forth a tremendous effort this year to take a strong third in the Mardi Gras games and definitely had a great time doing it. They are a very spirited class when it comes to pep assemblies and money raising events, such as car washes and tee-shirts. The sophomore class looks forward to their next two years together.

Ideals Direct Freshmen

Only a few words of wisdom about racing:
A. Bring money — lots of it — to support
your racing in the early years.

B. This is one sport in which women CAN
compete on an equal footing with men.

All the best,
Janet Guthrie

“We’ve Got Spirit

Freshman are hardworkers and creative. They showed it this year by their class T-shirts, and by their class chant, “Spirit by the Ton” which was clever. They have had great spirit in everything they’ve done. The Grade Dean who helped them through & through was Mrs. Haugner. They also have a fine Secretary Mrs. Fleming & a fine counselor Mr. Soule. The freshmen got it together. Through the “Great Support”, of the Class Officers, Michell Ready — Pres., Melvin Palmer Vice Pres., Kara Henline — Secretary, and John Mctevia — Treasurer, the Freshmen have had a “Great Year”.

CENTER RIGHT — Surprise, Surprise!

BOTTOM LEFT — Guess Who?

BOTTOM RIGHT — Patricia Cureton is having a very interesting conversation.

CENTER LEFT — Ms. Haughner has a line up today.

Paid Attendance Figures

attendance at "A Chorus Line," at the Shubert Theatre, a 20% of capacity for the weeks ended July 10 and July 17, and 30%, respectively, as reported. The inaccurate percentage based on incorrect seating capacity figures provide

percentage of paid attendance is based on the number of tickets (including seats), as compared with the seating capacity. The theatre seats 1,479 for "A Chorus Line." For information, seating had been increased to 1,500. On that basis, the figures were reported.

For apparently stemming from a misunderstanding of how the figure is figured, and the 3% differential between the 1973 seating capacity and the 1978 seating capacity, the figures were reported.
